

Darin Rayburn is the President and CEO of Melcor Developments Ltd. He has over 25 years of experience in commercial real estate management, including management positions with Cambridge Shopping Centres and Oxford Properties. Darin joined Melcor in 2002 to grow the company's commercial property assets in western Canada and the United States. Darin was promoted to Executive Vice President of Melcor in 2011 and was appointed Chief Executive Officer of Melcor REIT when it was formed in 2013. He became President and CEO of Melcor and a Trustee in 2017. Darin holds an honors undergraduate degree in economics and political science from the University of Alberta.

Since 1923, Melcor has been in the business of real estate and has helped to shape the urban landscape of Alberta. Today, Melcor oversees a portfolio of 4 million square feet in commercial assets and over 600 residential rental units. Melcor has built over 140 communities and 2 million square feet in commercial projects in western Canada and has over 10,000 acres for future development. Melcor Developments was founded in Edmonton on 1923 and has been publicly traded since 1968. The Melcor REIT was founded and has been publicly traded on the TSX as well since 2013.
